## Torrie Richmond, 18

Torrie Richmond passed away on Tuesday, January 25th at the Children's Hospital of Pennsylvania with her parents by her side holding her hands.

From the moment she was born on October 29th in Wilmington, Delaware she was a unique gem who would always do things on her terms. If you were lucky enough to have known Torrie you know that even though she was pint sized her personality was bigger than life. She was a sweet, sassy, feisty red-head with a heart of gold. She truly lived life to the fullest, never held grudges and wanted to try new things. Her smile was so contagious and at times had a belly laugh that would make your heart smile. She always loved going to the beach, fishing, dancing, making blueberry pancakes with her mommom, listening to music, going to get sushi, riding around on her golf cart and just being a typical teenager.

Spending time with family and friends always was her biggest joy. In her eyes her Dad was her ultimate hero and her brother was someone she admired beyond belief.

Torrie is survived by her parents Brian and Megan, her brother Colin, grandparents Nicci Richmond, Bill and Maria Gilson, and Linda Diloreto. She is preceded in death by her mom, Michelle and her Pop-Pop, Al.

A celebration of life service will be held at 1:00 PM on Thursday, February 3rd with a public viewing taking place from 11am-1pm at Watson funeral home, 211 S. Washington St., Millsboro, DE 19966.

In lieu of flowers, please make donations in Torrie's memory to the American Heart Association, PO Box 840692, Dallas, TX 75284-0692

Sending prayers to Torrie's family. I am shocked to read about her passing. Her grandmother, Linda, had told me many stories about Torrie when Torrie was younger. What a beautiful young lady she was.

What a beautiful picture of Torrie. It captures her perfectly. I had the pleasure of meeting and working with Torrie and her family when she came to Stanton Middle School. I admired her spirt and determination to do whatever it was that she wanted to do. To her obstacles were nuisances to be overcome not barriers preventing her from anything, My heart goes out to all who were blessed by having known Torrie. She will be missed but I am sure she is learning to fly.

Torrie's picture captures her perfectly. Her smile still give me a smile to see. I loved having her in art class because she would always come up with something new and surprising. I can't imagine what you are going through but my prayers are with you. God has a new shining star I am sure. Every Earth Day I plant trees with my Cub Pack, this year we'll plant one extra for her!

Torrie was the sweetest little girl. My daughter Jessie met her in Middle school and they were friends. When I met Torrie, she was amazing! For her little size, her personality and energy were absolutely amazing. She was definitely one of my favorites. We are so saddened by this news. I truly have her family and friends in my thoughts and prayers.
